

MUKTI

*Grace doesn't come out of the blue as much as it comes
as a response to giving all of yourself
to this moment.*

2012

Local Area Events

The stillness of meditation and the dynamic inquiry of satsang are a potent combination for realization. Accordingly, Mukti regularly offers both satsangs and meditations locally in the San Francisco Bay Area.

Silent Retreat Days

One can turn attention, at any time, and tend to the longing or resolve of their innermost being. However, some find, amidst life's busyness and challenges or without support, that this is not easy, nor is it always possible to get away for a longer silent retreat.

Mukti brings the flavor of extended silent retreats to a daylong format, in which participants can come together in silence with the common intention to discover who and what they truly are. The daylong format

includes 3 short satsangs, interspersed with periods of meditation. Outside of satsang, the day will be one of shared silence.

Mukti will offer silent retreat days in the following Bay Area locations as well as in many of the cities listed in the Travels column.

▶ Keep the Faith

\$10 Item #M_1KTF

What is faith? What does it mean to surrender to something greater than one's human self? In this satsang, Mukti shares a view of faith that goes beyond the traditional perspective of faith in a separate God or "other." She invites us to discover the inherent satisfaction of knowing that nothing is ever essentially lacking or wrong, and to rest in the unshakable ground of being within us that exists no matter the circumstances.

Extended Retreats

Mukti offers extended retreats to nurture the emergence of spirit into consciousness. Retreat is for those who are willing to set aside personal agendas and to give all of themselves to that which is unconditioned. It is this unconditioned that reveals Itself to be the one true reality of each of us and all of existence.

These retreats offer a departure from one's usual daily activities and concerns, as well as an opportunity to share a common intention to discover the truth of what is. To support this intention, all retreats are held in deep silence, except for the time together in satsang. In addition to satsang, the daily schedule includes several periods of meditation. Both satsang and meditation are suited to penetrating heartfelt questions and, along with shared intention, create a synergistic combination for Self remembrance.

Mukti, whose name is translated as “liberation,” is a teacher in the lineage of Adyashanti, her husband. Prior to 1996, when she began studying the nondual, Zen-flavored teachings of Adyashanti, Mukti studied the teachings of Paramahansa Yogananda for over 20 years. In her own teachings, Mukti points audiences back to their natural state of wholeness or undivided consciousness. Licensed in acupuncture and certified to teach hatha yoga, Mukti has a love of the whole, in form as well as the formless.
