

Meeting with **MUKTI** *Discover Your True Self*

Mukti, whose name is translated as “liberation,” is a teacher in the lineage of Adyashanti, her husband. Prior to 1996, when she began studying the nondual, Zen-flavored teachings of Adyashanti, Mukti studied the teachings of Paramahansa Yogananda for over 20 years. In her own teachings, Mukti points audiences back to their natural state of wholeness or undivided consciousness. Licensed in acupuncture and certified to teach hatha yoga, Mukti has a love of the whole, in form as well as the formless.
